SPECTRE ("Special Executive for Counter-intelligence, Terrorism, Revenge and Extortion") is a fictional organisation featured in the James Bond novels by Ian Fleming, as well as films and video games based in the same universe. Led by criminal mastermind Ernst Stavro Blofeld, SPECTRE first formally appeared in the novel *Thunderball* (1961) and in the film *Dr. No* (1962). The international organisation is not aligned with any nation or political ideology, enabling the later Bond books and Bond films to be regarded as somewhat apolitical. The presence of former Gestapo members in the organization can be considered as a sign of Fleming's warnings about Nazi fugitives after the Second World War, as first detailed in the novel *Moonraker* (1955). In the novels, SPECTRE begins as a small group of criminals, but in the films it is depicted as a vast international organisation with its own SPECTRE Island training base capable of replacing the Soviet SMERSH.

Ernst Stavro Blofeld is a fictional supervillain in the James Bond series of novels and films, created by Ian Fleming. A criminal mastermind with aspirations of world domination, he is the archenemy of British MI6 agent James Bond. Blofeld is head of the global criminal organisation SPECTRE and is commonly referred to by the codename Number 1 within this organisation. The character was originally written by Fleming as a physically massive and powerfully built man, standing around 6 ft 3 in (1.91 m) and weighing 20 stone (280 lb; 130 kg), who had become flabby with a huge belly.

The most recurring antagonist in the franchise, Blofeld appears or is heard in three novels: *Thunderball*, *On Her Majesty's Secret Service*; and *You Only Live Twice*; as well as eight films from Eon Productions: *From Russia with Love* (1963), *Thunderball* (1965), *You Only Live Twice* (1967), *On Her Majesty's Secret Service* (1969), *Diamonds Are Forever* (1971), possibly *For Your Eyes Only* (1981; the pre-title sequence of which shows an unnamed character resembling Blofeld fall to his death), *Spectre* (2015) and *No Time to Die* (2021). The latter two films are set in a rebooted continuity, which started with *Casino Royale* (2006). Blofeld also appears in *Never Say Never Again* (1983), a remake of *Thunderball* that was not produced by Eon.

Blofeld has been played on-screen by Donald Pleasence, Telly Savalas, Charles Gray, Max von Sydow and Christoph Waltz, among others. It was initially a convention of the films not to show Blofeld's face, only a close-up of his hands stroking his white, blue-eyed Persian cat. His face is revealed in *You Only Live Twice* when he introduces himself to Bond for the first time in person.

Many of Blofeld's characteristics have become tropes in popular fiction, representing the stock character of the criminal mastermind, with the stroking of his white cat often retained as a parodic allusion to Blofeld's character. This can be seen parodied in the Austin Powers film series with the character of Dr. Evil and his cat Mr. Bigglesworth, or in the animations Inspector Gadget, with the character of Dr. Claw and his pet M.A.D. Cat, Danger Mouse, with the character of Baron Silas Greenback, and Wallace & Gromit: Vengeance Most Fowl, where Feathers McGraw strokes a white seal pup.

Watchmen is a twelve-issue comic book limited series created by Alan Moore, Dave Gibbons, and John Higgins, published by DC Comics in 1986 and 1987. Watchmen focuses on six main characters: the Comedian, Doctor Manhattan, Nite Owl II, Ozymandias, Rorschach, and the Silk Spectre II. These characters were originally based on the Mighty Crusaders and then reworked in an unsolicited proposal to fit superhero properties DC had acquired from Charlton Comics in the early 1980s. Moore later based the team's predecessors, the Minutemen, on the Mighty Crusaders. Since the publisher planned to integrate Charlton's superheroes into the main DC Universe and the script would have made many of them unusable for future stories, series writer Alan Moore eventually agreed to create original characters. Moore wished the main characters to present six radically opposing ways to perceive the world, and to give readers of the story the privilege of determining which one was most morally comprehensible.

The protagonists of Watchmen were reused in the prequel series Before Watchmen, which also gave backstories to several minor characters from the original graphic novel, and introduced new characters.

Later on, several Watchmen characters reappeared in the limited series Doomsday Clock, bringing them into the main DC Universe.

The television series Watchmen is set in the same canon as the limited series, taking place in 2019 in Tulsa, Oklahoma.

The Phantom Stranger is a superhero appearing in American comic books published by DC Comics, of unspecified paranormal origins, who battles mysterious and occult forces, sometimes under their Vertigo imprint. The character first appeared in an eponymous comics anthology published in August/September 1952.

The Phantom Stranger made his first live-action appearance in the 2019 DC Universe television series *Swamp Thing*, portrayed by Macon Blair. Additionally, Kevin Conroy, D. B. Woodside, and Peter Serafinowicz have voiced the character in animation.

Commander Shepard is the player character in the *Mass Effect* video game series by BioWare (*Mass Effect*, *Mass Effect 2*, and *Mass Effect 3*).

A veteran soldier of the Systems Alliance Navy, an N7 graduate of the Interplanetary Combatives Training (ICT) military program, and the first human Citadel Council Spectre, Shepard works to stop the Reapers, a sentient machine race dedicated to wiping out all advanced organic life. Shepard is neither a hero, nor a villain; depending upon players' choices and actions, Shepard is the abstaining factor that acts as both on occasion and will take whatever action is deemed necessary when presented with impossible scenarios.

Shepard's gender, class, first name and facial appearance are chosen and customized by the player. The default male Shepard's face and body were modelled after Mark Vanderloo, while Mark Meer provided the voice for the male Shepard. Jennifer Hale voiced the female Shepard. Since the player can choose the gender of Shepard, much of the dialogue revolving around the character is gender-neutral with only a few exceptions. However, in some other *Mass Effect* media, Shepard is called "he" regardless of player choice for the gender.

The character is inspired by and named after American astronaut Alan Shepard. Shepard's armor developed over the series and was originally intended to be red-and-white. Most promotional material for the series focused on the male Shepard, due to the studio's desire for a single identifiable hero, though both versions of the character were given equal priority during development. Various merchandise has been made, including several figurines. Shepard has made cameo appearances in other Electronic Arts games and is referenced in *Mass Effect: Andromeda*.

Thunderball is the ninth book and the eighth novel in Ian Fleming's James Bond series. It was published in the UK by Jonathan Cape on 27 March 1961. The first novelisation of an unfilmed James Bond screenplay, it was born from a collaboration by five people: Ian Fleming, Kevin McClory, Jack Whittingham, Ivar Bryce and Ernest Cuneo. The first edition was published under Fleming's name, after which a legal case brought against him by McClory and Whittingham led to them being given writing credits.

The story centres on the theft of a pair of nuclear weapons by the crime organisation SPECTRE and the subsequent attempted blackmail of the Western powers for their return. James Bond of the Secret Service travels to the Bahamas to work with his friend Felix Leiter, who had been seconded back into the CIA for the investigation. Thunderball introduces SPECTRE's leader Ernst Stavro Blofeld, in the first of three appearances in Bond novels, with On Her Majesty's Secret Service and You Only Live Twice; the three novels are now known as the "Blofeld trilogy".

Thunderball has been adapted four times: once in comic-strip format for the Daily Express newspaper, twice for the cinema and once for the radio. The Daily Express strip was cut short on the order of its owner, Lord Beaverbrook, after Ian Fleming signed an agreement with The Sunday Times to publish a short story. On screen, Thunderball was released in 1965 as the fourth film in the Eon Productions series, with Sean Connery as James Bond. The second adaptation, Never Say Never Again, was released as an independent production in 1983 also starring Connery as Bond; it was produced by McClory. BBC Radio 4 aired an adaptation in December 2016, in which Toby Stephens played Bond.
