7. **Q: What ethical considerations are involved in anthropological research?** A: Anthropologists must prioritize informed consent, respect for cultural sensitivities, protection of participant identities, and avoidance of harm in their research practices. Ethical guidelines ensure responsible and ethical conduct.

### Practical Applications of Antropologi:

4. **Q: How long does it take to become an anthropologist?** A: A minimum of a bachelor's degree is required, but most anthropologists pursue a master's or doctoral degree to conduct independent research. The timeframe depends on the chosen educational path and can range from four to ten years or longer.
